This is a little out of date, but is the most up to date we have. It does not have the new drilling locations on it. I am trying to get the map with new locations electronically. I have given a copy of this to John House.

Please forward to Neil as I do not have his e-mail

this can be used in the meeting on monday night with residences and in future meetings...
we will put it in a power point slide and also mount it on a poster board...I believe it covers the area of interest regarding the "on-site" 3 Vacuum Breakers and blowdown line.

please review and give me comments back on monday morning..

I will be working at our office in the morning and out to the site in the afternoon

Regards.
