**Re: Authorization - Public Notice
VPDES Permit No. VA0052451 - North Anna Power Station**

Dear Ms. Joyce:

Dominion received the subject public notice authorization form on March 29, 2006. This submittal addresses the cost of publishing a public notice, and complies with the stated requirement to submit the authorization form within 14 days of receipt. Dominion may have additional comments on the revised permit for your consideration before the end of the public comment period.

If you have any questions, please direct your call to Joyce Livingstone at (804) 273-2985.

Sincerely,

Rodney Bish for *Pamela F. Faggert*

Citizens may comment on a proposed permit that will allow the release of treated wastewater into a water body in Louisa County, Virginia

PUBLIC COMMENT PERIOD: MONTH DAY, YEAR to 4:00 p.m. on MONTH DAY, YEAR

PERMIT NAME: Virginia Pollutant Discharge Elimination System Permit – Wastewater/Storm water
Owners or operators of facilities (municipal, industrial or private) that release (discharge) or propose to release storm water/wastewater into the streams, rivers or bays of Virginia from a point source must apply for this permit. In general, point sources are fixed sources of pollution such as pipes, ditches or channels. The applicant must submit the application to the Department of Environmental Quality, under the authority of the State Water Control Board.

PURPOSE OF NOTICE: To invite the public to comment on the draft permit.

NAME, ADDRESS AND PERMIT NUMBER OF APPLICANT: Virginia Electric & Power Company, 5000 Dominion Boulevard, Glen Allen, VA 23060; VA0052451

NAME AND ADDRESS OF FACILITY: Dominion – North Anna Power Station; 1022 Haley Drive, Mineral, VA

PROJECT DESCRIPTION: Virginia Electric & Power Company has applied for reissuance of a permit for Dominion – North Anna Power Station in Mineral, Virginia. The applicant proposes to release cooling water and storm water at a rate of 2057 Million Gallons Per Day into Lake Anna. The sludge will be disposed by transporting to a septage receiving facility. The facility proposes to release the cooling water and storm water into Lake Anna in Louisa County in the York River watershed. A watershed is the land area drained by a river and its incoming streams. The permit will limit the following pollutants to amounts that protect water quality: pH, Heat Rejected, Total Suspended Solids, Oil and Grease, 126 Priority Pollutants, BOD5, and Chlorine.

HOW A DECISION IS MADE: After public comments have been considered and addressed by the permit or other means, DEQ will make the final decision unless there is a public hearing. DEQ may hold a public hearing, including another comment period, if public response is significant and there are substantial, disputed issues relevant to the proposed permit. If there is a public hearing, the State Water Control Board will make the final decision.

HOW TO COMMENT: DEQ accepts comments by e-mail, fax or postal mail. All comments must be in writing and be received by DEQ during the comment period. The public also may request a public hearing.

WRITTEN COMMENTS MUST INCLUDE:

1. The names, mailing addresses, and telephone numbers of the person commenting and of all people represented by the citizen.
2. If a public hearing is requested, the reason for holding a hearing, including associated concerns.
3. A brief, informal statement regarding the extent of the interest of the person commenting, including how the operation of the facility or activity affects the citizen.

TO REVIEW THE DRAFT PERMIT AND APPLICATION: The public may review the documents at the DEQ-Northern Regional Office every work day by appointment.
