APR 30 1956

Mr. Frederick M. Belmore
Mallinckrodt Chemical Works
Second and Mallinckrodt Streets
St. Louis 7, Missouri

Dear Mr. Belmore:

I am including herewith interim specifications for enriched uranium hexafluoride made available by AEC. Although these specifications are not formally "warranted", we believe that only minor modifications will be made, if any.

We have also sent copies of these specifications to the Westinghouse Electric Corporation, attention Mr. D. R. Versaw. The information is intended primarily for your use in connection with the manufacture of fuel for the Belgian reactor.

Please note that the 90-day minimum for delivery of this material does not apply in this case.

Sincerely yours,

F. K. PITTMAN for

M. L. Price, Director
Division of Civilian Application

Enclosure -

Specifications for Enriched UF₆
(Confidential-Restricted Data)
