Dr. James R. Amos
Director of Health
Missouri Department of Health & Welfare
State Office Building
Jefferson City, Missouri

Dear Dr. Amos:

With reference to our letter to you dated August 20, 1956, this is to inform you that on August 24, 1956 the Atomic Energy Commission issued a revised Special Nuclear Material license to the Mallinckrodt Chemical Works, St. Louis, Missouri. The revised license authorizes the company to receive and possess at its Hematite, Missouri plant uranium enriched in the isotope U-235, for conversion to uranium oxide.

A copy of the revised license is enclosed for your information.

Sincerely yours,

DISPATCHED

Frank K. Pittman
Acting Director
Division of Civilian Application
