TO : Clifford K. Beck

DATE: February 7, 1957

FROM : Lyall Johnson 

SUBJECT: MAILINCKRODT CHEMICAL WORKS APPLICATION FOR REVISION OF SNM LICENSE

SYMBOL: CAL:JCD

Transmitted herewith is a copy of an application by MCW dated January 21, 1957, for revision of its special nuclear material license. Pertinent back-up material is also attached.

Please review the application with respect to the adequacy of the licensee's proposed procedures for the avoidance of accidental criticality during the processing of uranium hexafluoride to uranyl sulfate.

The application and back-up material should be returned with your comments.
