Division of Reactor Development, Washington

RELEASE OF ALLOTMENT 4000 NUCLEAR MATERIAL

SYMBOL: RD:ADM:C:CSS

Attention: James Verme

Reference is made to my memorandum of July 23, 1959, subject as above, in which this division released to the Division of Licensing and Regulation certain quantities of enriched uranium for work by Mallinckrodt Nuclear Corporation on New York Operations Office Project No. 4151-2, Merchant Ship Reactor - Core No. 1.

In accordance with notification from Joseph C. Delaney, DL&R, will you please revise the quantities in the above-referenced memorandum to read 22.4 kilograms U-235 in 4.2% enriched uranium and 24.5 kilograms U-235 in 4.6% enriched uranium.

CC: Joseph C. Delaney, Div. of Licensing & Regulation - Washington
S. J. Braiden, New York
