Waiver_Purpose: For newspaper stories to educate the public about the activities of a U.S. senator, who soon will be the Senate majority leader.

Waiver_ExtentToExtractAnalyze: I will examine the correspondence, if any, to see what subjects concerned this senator.

Waiver_SpecificActivityQuals: I doubt much of this correspondence will be of a highly technical nature, as the senator is a lawyer by training, not a scientist.

Waiver_ImpactPublicUnderstanding: The senator has appropriated hundreds of millions of dollars for NRC-related work in his state, if nothing else; at this time, the public does not know much about his areas of concern at the NRC.

Waiver_NatureOfPublic: The Knight Ridder newspaper chain, which will publish my stories about the senator, consists of 32 daily newspapers with a national readership of several million people, as well as 32 corresponding Web sites with their own large audiences.

Waiver_MeansOfDissemination: I will review the correspondence, and if I see anything of relevance, I will include it in my stories about the senator.

Waiver_FreeToPublicOrFee: Our daily newspapers usually cost 50 cents. Access to our Web sites is free.

Waiver_PrivateCommericalInterest: None.
