Subject: (NOTE: This will be used as the Documents Title in ADAMS)	Confirmation that individual is a current HDR authorized user	
Summary:	<p>This summarizes a sequence of e-mail and telephone messages from 04/18-20/2006.</p> <p>Henrico Doctors' Hospital submitted an amendment request to add a list of individuals as authorized user (AU) for HDR. The request was supported by a letter from Dean Broga, RSO for VCU, with an attached table summarizing the proposed individuals' authorizations under VCU's NRC broad license. For Christopher R. Johnson, M.D., the table indicates that he was approved as an AU in 1986, is an "active user" of I-125 sealed sources, and is "authorized", but not an "active user" for several other uses, including HDR. I contacted VCU to confirm that Dr. Johnson has been an active HDR user within the past 7 years. Dean said that VCU uses the term "active user" to refer to primary users. He confirmed that Dr. Johnson is a current HDR user, treating the more unusual HDR disease entities, such as nasal cancers and melanoma.</p>	
Action Required:	Add Dr. Johnson to Henrico Doctors' Hospital license as HDR AU.
