John, since I'm on my compressed day today (and checking e-mail from home), can you e-mail (or have Cheryl) me the "new" charter with my "new" objectives from NSIR. I will be in the office for a couple hours (till about 9 or so) on Monday before leaving for BV, but I would like to see any additions to my inspection "plate". Also, if the RA actually has approved the charter. E-mail to my work address, I can retrieve it. Thanks,

Dana
