DEMAND FOR INFORMATION

[Double space from here to end, except single space signature block.]

I

(Name of licensee) (Licensee) holds byproduct materials license No. _____, issued by the Nuclear Regulatory Commission (NRC or Commission) pursuant to 10 CFR Part _____. The license was initially issued on (date) and last renewed in its entirety on (date). The license authorizes the Licensee to [Provide statement indicating what the license authorizes]. The license, originally issued on (date), was renewed on (date), and is due to expire on (date).

II

[This section should provide a description of relevant events, facts, alleged violations, potentially hazardous conditions, technical or legal reasons that provide the substantive basis for issuing the Demand. The following example is provided as a sample discussion for this section:

“On (date), the NRC, Region____, received information that [Provide a brief statement describing the information that was received.] In response to this information, NRC initiated a special safety inspection (investigation) of licensed activities. The inspection (investigation), which is still ongoing, to date has established:

1. _____;
2. _____;
3. _____.

This information demonstrates a lack of regard for and adherence to procedures and a lack of management control and supervision over licensed activities, and raises a question as to whether the Licensee will provide complete and accurate information to the NRC in the future .”]

Therefore, further information is needed to determine whether the Commission can have reasonable assurance that in the future the Licensee will [Indicate what the staff’s concern is, e.g., provide complete and accurate information to the Commission] and otherwise conduct its activities in accordance with the Commission’s requirements.

III

Accordingly, pursuant to sections 161c, 161o, 182 and 186 of the Atomic Energy Act of 1954, as amended, and the Commission's regulations in 10 CFR 2.204 and 10 CFR (e.g., 30.32(b), 40.31(b), 70.22(d), 110.52(b)), in order for the Commission to determine whether your license should be modified, suspended or revoked, or other enforcement action taken to ensure compliance with NRC regulatory requirements, the Licensee is required to submit a written statement or explanation to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, within (number) days of the date of this Demand for Information, under oath or affirmation:

[This section should specifically list the required information, e.g.:

- A. _____;
- B. _____;
- C. _____.]

Copies of this information shall also be sent to the Assistant General Counsel for Materials Litigation and Enforcement at the same address, and to the Regional Administrator, NRC Region ____, (regional address).

After reviewing your response, the NRC will determine whether further action is necessary to ensure compliance with regulatory requirements.
