Subject: Response to Mr. Namuo's letter dated December 21, 2005

Mr. Jesse Yorck:

The U.S. Nuclear Regulatory Commission (NRC), Arlington, Texas Office, received a letter dated December 21, 2005, from Clyde W. Namuo, Administrator, State of Hawaii, Office of Hawaiian Affairs (OHA), RE: Consultation for the Honolulu International Airport Commercial Irradiator, Honolulu, Oahu. In that letter, Mr. Namuo asked NRC to provide the Tax Map Key number for the parcel on which the commercial irradiator will be located to identify whether or not the parcel is located on ceded land. Mr. Namuo listed you as point of contact. This email is NRC's official response to Mr. Namuo's letter.

Pa'ina Hawaii, LLC, informed the NRC that the new Tax Map Key number (TMK) for the land that they would be leasing from the airport authority is 1103119. The older and previous TMK numbers were 11076010 and 11076009.

Please let us know OHA's determination of whether or not these are ceded lands and any other comments OHA may have. Please reply by January 16, 2006. Thank you.

Roberto J. Torres
