Subject: Request for Point of Contact with HI Dept. of Agriculture

Jack, nice talking to you, heres' my e-mail address in the HDOA.

I will be attending the National Plant Board meeting in Biloxi Mississippi during your visit in Hawaii. I will have staff available to assist you in my absence.

I will be your HDOA point contact, having worked with industry, Mike Kohn and others on shipments of fruit to commercial irradiators in Chicago and Whippany, NJ, in the early years and with the facility now in commercial operation on the Big Island. I have also been contact person with USDA, APHIS, PPQ in the rule making process for clearance of new commodities from Hawaii to U.S. mainland markets with irradiation quarantine treatment.

You have my cell phone number (808-225-1047) should you need to contact me next week while in Mississippi.

Lyle
