ALL AGREEMENT AND NON-AGREEMENT STATES

**2005 HURRICANE SEASON LESSONS LEARNED TASK FORCE FINAL REPORT  
(STP-06-039)**

Enclosed, for your information, is the 2005 Hurricane Season Lessons Learned Task Force Final Report, dated March 30, 2006. The report contains a number of helpful recommendations on regulatory issues involving pre-storm preparation and post-storm recovery for radioactive material and reactor licensees. These recommendations are based on interviews with State Officials, U. S. Nuclear Regulatory Commission managers and staff, individuals from other Federal agencies and commercial nuclear power plants.

We appreciate the input provided by the Agreement States and the Non-Agreement States. We especially appreciate the participation on this project by Ms. Alice H. Rogers, Texas, who represented the Organization of Agreement States, Inc. and the Conference of Radiation Control Program Directors, Inc.

If you have any questions on this correspondence, please contact me or the individual named below.
