Subject: Confirmation of use by one NRC licensee.

(NOTE: This will be used as the Documents Title in ADAMS)

Summary: I spoke with Mr. Lairmore about the licensee's two letters dated April 16, 2006. Regarding the RSO letter: The second paragraph of Item c seems to indicate that Mr. Lairmore would travel to Virginia every week in order to spend three hours on RSO duties at the facility. Mr. Lairmore stated that the licensee would fax him information for review on a weekly basis at his office in New Jersey. He would go to the site on a quarterly basis to perform audits of the program. Regarding the request for an additional location of use: Mr. Lairmore confirmed that the additional location of use was not a current NRC licensee. I requested that the above information be put in the form of a letter and submitted to the NRC so that I could complete the licensing action.

09:15 I left a message with the receptionist at the Manassas Heart Center for Dr. Ghafouri about the above telephone conversation with Mr. Lairmore. If he had any questions regarding the above, he could give me a call.
