Summary:	<p>Mr. Stevenson reported that he is still in the progress of finding a radiation safety officer (RSO) to replace the one who left CTI employ on 5/1/2006. Since he stated in his May 3, 2006 letter that all use of licensed material has been suspended until a new RSO can be established on the license and he is near to finding a new RSO, he requested that the license not be immediately changed to a "possession only" license.</p> <p>Mr. Schmidt agreed to delay the licensing action pending timely licensee progress. It as agreed that Mr. Stevenson will call Mr. Schmidt by no later than Monday May 29, 2006, regarding RSO replacement status. At that point in time, the need to change the license will be re-considered.</p>
