LICENSE AMENDMENT, CONTROL NO. 138635

Dear Mr. Matton:

This refers to your March 27, 2006 application to amend your NRC license to authorize use of the Best Vascular, Inc. Beta-Cath System. As discussed with Shashadhar Mohapatra, Ph.D., your Radiation Safety Officer, we have determined that your license currently authorizes the requested activity. We have, therefore, voided your application.

Sincerely,
