Tom,

Thank you for the follow up. I forwarded your information for Jefferson Proving Ground to Kevin Herron, who handles all the issues related to JPG. Kevin is attached to this e-mail and will follow up with you as soon as possible.

I spoke to Kevin on Friday and he said everything is fine with your Environmental Assessment, but he will provide the final comments.

Thank you very much for your cooperation,

Eric Levenhagen

Eric,

Just checking to see how your review of the draft EA is proceeding. We are under order from the Judge to complete the licensing action by the end of this month. After the EA is complete, we need to do a Federal Register Notice then a License Amendment and Safety Evaluation Report and we are running out of time. If you have any questions, please let me know. If you can give me your comments (or no comment) before Weds., that would be helpful.
