Subject: RE: Draft EA for Jefferson Proving Ground sitecharacterization

Dr. McLaughlin,

I have reviewed the Draft Environmental Assessment (EA) for Jefferson
Proving Ground (JPG) that you forwarded to me. I have no major concerns
or issues with this document that should impact the NRC proceeding as
planned and scheduled. I appreciate your efforts to include IDEM in the
review of the Draft EA for JPG. I look forward to any future inclusion
in the assessment and decommissioning process for the Depleted Uranium
(DU) impact area and license for JPG.

Thanks,
Kevin

Draft EA as we discussed. I did contact FWS after I sent this draft to
Eric.
