Indian Point Energy Center Status Report

February 16, 2006

Operational Status

Indian Point Unit 2 is operating at 100% and has been online 56 days. Indian Point Unit 3 is operating at 100% reactor power and has been on-line for 135 days. Operations and maintenance crews are making plans for 2R17 refueling outage at IP2 scheduled to begin in April.

RECS Inoperable for Period on Thursday

Indian Point Emergency Planning reported this morning that the Radiological Emergency Communication System (RECS) was inoperable. The Local Government Radio was available to be used as a backup system to notify State and Counties.

After troubleshooting and repairs to the system, a roll call was conducted at 2:00 p.m. on the RECS phone system from the IPEC EOF with limited EOCs participating. The test was acceptable with the exception of the Peekskill Warning Point (no ring/remedy repair ticket being prepared with follow-up by IT). A full roll call test of the old RECS phone system is scheduled for Friday, 2/17/06 at 10:00 a.m.

Educational Outreach

Entergy Nuclear Northeast provides customized outreach education programs for schools, youth groups, and civic organizations. The topics we cover include Emergency Planning, Understanding Radiation, Nuclear Fuel and a general overview of the operations of Indian Point Energy Center. If you would like a brochure or are interested in scheduling a program, contact IPEC Communications at 914-271-7441.

If you have any questions or need clarification of the information provided, please contact Kathy McMullin, manager of communications, Indian Point Energy Center, at 914-271-7132.
