Subject: IPEC status report for March 13

Indian Point Energy Center

Status Report

Aliza

March 13, 2006

Operational Status

Indian Point Unit 2 is operating at 100% and has been on line 11 days. Indian Point Unit 3 is operating at 100% reactor power and has been on-line for 159 days.

Entergy to Conduct Volume Siren on Wednesday

Test follows communications failure for sirens on March 8 test

Entergy will conduct a full-volume test of the Indian Point emergency alert notification sirens in Westchester, Rockland, Orange and Putnam counties on Wednesday, March 15 between 10 a.m. and 11 a.m. WHUD Radio (100.7 FM) will perform a test of the Emergency Alert System immediately following the siren test.

During the test, all 156 sirens will sound simultaneously for about four minutes. The sirens will start at low volume and rapidly rise to full volume. Entergy plans on having spotters near the sirens during the test.

THIS IS A FULL-VOLUME TEST.

NO RESPONSE ON THE PART OF THE PUBLIC IS NECESSARY

DURING THE MARCH 15 TEST.

During an emergency at Indian Point, the counties sound all 156 sirens simultaneously for four minutes at full volume, alerting the public to tune to their local Emergency Alert System (EAS) radio or TV station for important information. Sounding the sirens is a signal for residents to listen to Emergency Alert System broadcasts for important information.

Status Report Available on JIC Website

The Indian Point status report is now available on the new Joint Information Center web site. The web site is part of the virtual news room concept that is being developed for public emergency information. The web site will also include the latest radiological release information for Indian Point.

Educational Outreach

Entergy Nuclear Northeast provides customized outreach education programs for schools, youth groups, and civic organizations. The topics we cover include Emergency Planning, Understanding Radiation, Nuclear Fuel and a general overview of the operations of Indian Point Energy Center. If you would like a brochure or are interested in scheduling a program, contact IPEC Communications at 914-271-7441.

If you have any questions or need clarification of the information provided, please contact Kathy McMullin, manager of communications, Indian Point Energy Center, at 914-271-7132.
