Subject: IPEC status report for March 15

Indian Point Energy Center

Status Report

Al147

March 15 2006

Operational Status

Indian Point Unit 2 is operating at 100% and has been on line 13 days. Indian Point Unit 3 is operating at 100% reactor power and has been on-line for 161 days.

Entergy Conducts Successful Test of IPEC Siren System

A full test was conducted of the Indian Point siren system this morning. All 156 sirens in the four counties worked properly. There were no failures. The siren test was extensively covered by the local media.

During a full volume test, all 156 sirens sound simultaneously for about four minutes.

NRC to Hold Public Meetings on Indian Point

The Nuclear Regulatory Commission will hold two public meetings on March 28 in Peekskill, N.Y. The first meeting, which begins at 2:30 p.m., will be the annual end of cycle meeting that reviews the plants' performance over the past year. Later that evening, the NRC will hold a public meeting regarding their special inspection of Entergy's investigation regarding the spent fuel pool leaking and groundwater monitoring. The evening meeting will begin at 6:30 p.m. Representatives from the NRC, Entergy and New York State Agencies will discuss the current status of the investigation and the current assessment of radiological impacts. A question and answer period will follow the presentations.

Both meetings will be held at Crystal Bay in Peekskill, N.Y.

NRC meeting <<http://www.nrc.gov/public-involve/public-meetings/index.cfm>> notice

Status Report Available on JIC Website

The Indian Point status report is now available on the new Joint Information Center web site. The web site is part of the virtual news room concept that is being developed for public emergency information. The web site will also include the latest radiological release information for Indian Point.

To preview the web site follow the link to Indian Point

Educational Outreach

Entergy Nuclear Northeast provides customized outreach education programs for schools, youth groups, and civic organizations. The topics we cover include Emergency Planning, Understanding Radiation, Nuclear Fuel and a general overview of the operations of Indian Point Energy Center. If you would like a brochure or are interested in scheduling a program, contact IPEC Communications at 914-271-7441.

If you have any questions or need clarification of the information provided, please contact Kathy McMullin, manager of communications, Indian Point Energy Center, at 914-271-7132.
