Dear Mr. Meyers:

In order to help both Agreement States and the U.S. Nuclear Regulatory Commission (NRC) remain knowledgeable of each others' programs and to conduct planning for the next Integrated Materials Performance Evaluation Program (IMPEP) review, the IMPEP process includes holding one-day periodic meetings with Agreement States between IMPEP reviews. In accordance with the Office of State and Tribal Programs (STP) Procedure SA-116, we request a meeting, no longer than one day, to discuss your Agreement State Program and share programmatic information.

This letter confirms that, after previous coordination, the meeting is scheduled for July 18, 2006, and will be held in your offices. In addition to myself, Kathleen Schneider from STP, assigned as Project Officer for Louisiana and Monica Orendi, STP, will be the other NRC representatives in attendance. Based on our previous discussions the likely topics for discussion at the meeting are listed on the enclosed agenda.

If there are any additional specific topics you would like to cover, or if you would like to focus on a specific area, please let me know. If you have any questions, please call me at 817-860-8116, or via e-mail to [mlm1@nrc.gov](mailto:mlm1@nrc.gov).

Sincerely,
