Dear Mr. Schoenfelder

We are acknowledging receipt of your updated decommissioning funding plan dated 3/23/2006 but received by NMSS and docketed as of 05/08/2006. It has been assigned TAC LU0129 so please refer to that number in any future correspondence concerning this review. We will notify you in the near future if we require any additional information to conduct our review.

Michael;

The attached was submitted on 3/31/06. It is the same information that was submitted in the first EIE dated 3/23/06 and that was attached to my 3/23/06 email to you, except this file meets the EIE requirements for searchable format and resolution. Please let me know if you need anything else. Regards,
-Bob

Can you e-mail me what you submitted?

Michael;

The only information I receive that confirms receipt of an EIE submittal is the email from John Skoczlas that was attached in your email. It does not include the tracking number. I will be glad to call John to acquire that number for you if it is easier for me to get it than for you to contact him.

I have not seen the submission yet. Can you give me the tracking number?

Michael;

My EIE submittal sent one week ago was not in full compliance with NRC guidance, so it was resubmitted today in the correct format. If you have not seen the officially submitted document yet, it should be delivered to you soon. Cabot is prepared to modify/renew their funding mechanism as soon as we receive your approval of this revised cost estimate. Regards,
-Bob
