9 May 2006

Robert Nelson, Chief
Spent Fuel Licensing Section
Spent Fuel Project Office
Office of Nuclear Material Safety and Safeguards
U.S. Nuclear Regulatory Commission
Washington, DC 20555

Dear Mr. Nelson:

Subject: Supplement to Duratek's Previous Request for a Closed Meeting

Duratek Services, Inc. (Duratek) respectfully requests a meeting with the appropriate NRC staff to discuss several concepts Duratek has developed. The specific concepts Duratek wishes to discuss were identified in my letter and attachments dated 2 May 2006. Since Duratek considers these concepts confidential commercial information, we request that the 2 May 2006 letter and all attachments be withheld from public disclosure under 10 CFR 2.390. This letter and the attached affidavit do not contain confidential commercial information and thus are suitable for placement in the Public Document Room.

Sincerely,

C. Paul Deltete
Senior Vice President

Attachment: Affidavit for Public Release

YG-01

**AFFIDAVIT
SUBMITTED BY DURATEK SERVICES INC.
CONCERNING CONFIDENTIAL INFORMATION AND TRADE SECRETS**

STATE OF MARYLAND]
] ss.
COUNTY OF HOWARD]

I, C. Paul Deltete, depose and say that I am Senior Vice President for Duratek Services Inc. duly authorized to make this affidavit, and have reviewed or caused to have reviewed the information that has identified as proprietary. The Proposed Agenda and draft presentation, which were attached to our 2 May 2006 request letter, contain confidential information that should be withheld from public disclosure. In addition, the information to be disclosed by Duratek during the proposed meeting is also confidential and should be withheld from public disclosure.

I have personal knowledge of the criteria and procedures used by Duratek in designating commercial or financial information as confidential. The business endeavor to be discussed is a new concept for the nuclear industry. Because this is a new business venture, disclosure at this time may adversely affect Duratek's competitive position.

At this time, when Duratek is developing its strategy and plans, it is treating this concept within the company as confidential information. The concepts to be presented during the meeting contain information Duratek Services regards as protected and should not be disclosed to unauthorized persons.

The information designated here as confidential is not available from public sources. Public disclosure of this information as described above would cause substantial harm to the competitive position of Duratek Services.

C. Paul Deltete
C. Paul Deltete
Senior Vice President

On this 9th day of May, 2006, before me, a Notary Public in and for the State of Maryland, duly commissioned and sworn, personally appeared C. Paul Deltete, to me known to be the Senior Vice President for Duratek Services, and on oath stated that he was authorized to make this affidavit on behalf of the corporation.

IN WITNESS WHEREOF, I have set my hand and affixed my official seal the day and year first above written.

Janice Mechlinski
Notary Public, State of Maryland

My commission expires September 1, 2007
