Subject: (NOTE: This will be used as the Documents Title in ADAMS)	Fax from LICENSE FEES of 5/16/06 Call from Diane Dandois 5/16/06 Letter from JJ Sosa dated March 3, 2006	
Summary:	Bob Provost stated that their letter of March 3, 2006 told the NRC they no longer had a gauge. I told him that the letter informed the NRC they were transferring a gauge to CPN, but the letter does not request termination of their licensed program. Based on the letter the NRC was not informed whether they had other gauges, there was no acknowledgment of receipt by CPN and no leak test record showing the gauge was not contaminated. Bob stated he would fax in request for termination of license with the documentation needed. They have no other gauges and do not need a NRC license..	
Action Required:	Await termination request. Notified fees (Diane Dandos 301-415-7544 by telephone of my conversation with licensee and that we had 3/3/06 letter but no request for termination in letter just disposition of a gauge)
