Attention: Mr. Jim Moorman

Dear Mr. Moorman:

Farley Nuclear Plant requests an extension to the Licensed Operator Requalification Program. The end date of the last biennial cycle was June 4, 2004. Due to scheduling conflicts associated with our spring refueling outage, we request an extension of the current biennial cycle to end on June 15, 2006.

If you should have any questions regarding this matter, please contact Mrs. Donna Christiansen at 334-814-4513 or Mr. David Hall at 334-814-4853.

Sincerely,

A handwritten signature in black ink, appearing to read "John G. Horn".
