## WATTS BAR NUCLEAR PLANT (WBN) UNIT 1 - SECURITY, TRAINING AND QUALIFICATION PLAN, AND SAFEGUARDS CONTINGENCY PLAN, REVISION 2

Pursuant to 10 CFR 50.54(p), this letter provides Revision 2 of the Security, Training and Qualification Plan, and Safeguards Contingency Plan which supersedes Revision 1 submitted on October 26, 2005. Revision 2 of the plan was effective February 10, 2006. It has been determined that in accordance with 10 CFR 50.54(p)(2), this revised plan should have been provided to NRC at an earlier date. A Problem Evaluation Report has been initiated and is being tracked in TVA's Corrective Action Program.

TVA is submitting this revision to incorporate changes recommended by NRC based on resolution of Security Frequently Asked Questions (SFAQ) 05-03, "Armed Response Team" Revision 1, for clarification. TVA has evaluated these changes and does not consider these changes to decrease the overall effectiveness of the Security Plan.

This letter contains Safeguards Information as defined in 10 CFR 73.21. TVA, therefore, requests that the Enclosure to this letter be withheld from public disclosure. The information is being sent by certified mail and the signed receipt will signify that NRC has received this information.
