Subject: <small>(NOTE: This will be used as the Documents Title in ADAMS)</small>	Authorized User Qualifications.
Summary:	I spoke with Mr. DePasquale about the requested amendment to the license. Mr. DePasquale stated that they are very interested in having the amendment prior to May 31 st so that they can move their licensed activities. I asked if it would be alright if the requested authorized users could be postponed to another amendment since I needed additional information on each of them. I explained that I needed to know where they were trained in the use of radioactive materials, over what time period, what were the isotopes used, in what quantities, training courses they received and what they were to be authorized for on the license. Mr. Depasquale stated that he would send in the information as a separate amendment so that I could proceed with amending the license for the new facility.
Action Required:	Issue license, Place phone record in ADAMS.
