MEMORANDUM TO: Chairman Diaz
Commissioner McGaffigan
Commissioner Merrifield
Commissioner Jaczko
Commissioner Lyons

FROM: Luis A. Reyes */RA/*
Executive Director for Operations

SUBJECT: SEMIANNUAL REPORT ON ACTIVITIES RELATED TO
CONTROLLING THE DISPOSITION OF SOLID MATERIALS

The purpose of this memorandum is to provide information on the status of the enhanced participatory rulemaking process of controlling the disposition of solid materials. The enclosed Semiannual Report discusses the activities undertaken by staff during the last 6 months. These activities include: submittal of the proposed rule package to the Commission, development of the draft generic environmental impact statement and the regulatory guidance, and other significant activities pertinent to decision-making.

The staff has met the scheduled date of March 31, 2005, for submittal to the Commission of the proposed rule package, and associated documents. The proposed rule package was made publicly available in Agencywide Documents Access and Management System and on the external website on April 18, 2005.

Information on documents prepared, opportunities for stakeholder input, and links to other related documents can be found at the U.S. Nuclear Regulatory Commission's website that the staff maintains on controlling the disposition of solid materials [www.nrc.gov/materials.html] (under "Key Topics," link to "Controlling the Disposition of Solid Materials"). Ten days after submittal of this semiannual report to the Commission, a link to the Enclosure to this memorandum will be placed on this website.
