Donald C. Cook Nuclear Plant Unit 1 and Unit 2  
COMMENTS ON PROPOSED REGULATORY INFORMATION SUMMARY ENDORSING  
THE NUCLEAR ENERGY INSTITUTE WHITE PAPER, "ENHANCEMENTS TO  
EMERGENCY PREPAREDNESS PROGRAMS FOR HOSTILE ACTION"

- References:
1. Federal Register Notice: Proposed Generic Communication; Endorsement of Nuclear Energy Institute Guidance "Enhancements to Emergency Preparedness Programs for Hostile Action," published March 13, 2006 (71 FR 12716).
  2. Letter from Nuclear Energy Institute (NEI), to Nuclear Regulatory Commission (NRC), "Comments on Proposed Regulatory Issue Summary Endorsing the Nuclear Energy Institute White Paper, "Enhancements to Emergency Preparedness Programs for Hostile Action", dated May 5, 2006.

Indiana Michigan Power Company (I&M), the licensee for Donald C. Cook Nuclear Plant Unit 1 and Unit 2, appreciates the opportunity to comment on the proposed Regulatory Information Summary endorsing NEI White Paper, "Enhancements to Emergency Preparedness Programs for Hostile Actions," as noticed in Reference 1.

I&M endorses the comments made by NEI on behalf of the industry in a letter dated May 5, 2006 (Reference 2). I&M concurs with NEI's position that endorsement of the White Paper provides the industry and the NRC with a consistent approach for implementing enhancements to existing Emergency Preparedness Programs based on post September 11, 2001, experience.
