I'm currently working on Rev. 5, I'll have my boss review tomorrow morning, however, even if completed tomorrow, both you and Ken have to concur and since Ken is inspecting this week he won't be able to PGP anything until Monday. Of course Wayne Lanning still needs to look at it after John White (my boss). I'd say we're looking at Mon. or Tues. before any possibility of issuance of this report. This is the end of my bi-weekly update :).

It was a pleasure working with both you and Ken. If you need any help with inspections on FFD and Access or any other inspections in the future, please keep me in mind. Good luck with the report, have a good weekend and best of luck with your upcoming inspections.

Respectfully,
