Summary:	<p>Mr. Ali called and wanted to know what the status of his licensing action. I checked ADAMS and noted that it had been assigned to Thomas Thompson and that no action appeared to have been taken. Mr. Ali expressed concern because the lease expires on May 31<sup>st</sup> and he needs to turn the property over to the owner by June 1<sup>st</sup>. I stated that I would consult with my supervisor and inform him of the results.</p> <p>After speaking with my supervisor and contacting Tom Thompson, it was decided to transfer the action to my control.</p> <p>13:30 I informed Mr. Ali of the transfer and requested the following information: (1) Were any isotopes used as unsealed material with a half-life of greater than 120 days? (2) Were any of the pre-packaged kits authorized under 31.11 opened? (3) Were any of the sealed sources possessed under 35.400, 500 or 65 ever find to have leaked? (4) Where were the 35.65 sources and the depleted uranium transferred? Mr. Ali agreed to fax in the information as soon as it was available.</p>
