Subject: Drywell Q & As

Donnie & Roy,

Attached are five PDF files, each with one of the responses to AMP/AMR questions associated with the Drywell issue. The items being provided are: AMP-072, AMP-141, AMP-209, AMP-357 and AMR-164.

Providing these five questions gets us down to two (2) questions remaining to be answered. I believe these will be sent to you tomorrow. Please let me know if you have any problems with opening these files, which are now included in the Audit database.

We hope this helps with getting the information that you need for constructing the Audit report. We have expedited these answers as much as possible, given the just-completed Regional Inspection activities at the site.

And Donnie, if you would, please let Louise know that we have provided these and hope to send the remaining two tomorrow, as she expressed particular interest in this last week. Thanks.

- John.
