SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE

On March 30, 2006, you contacted the U.S. Nuclear Regulatory Commission and indicated that you wished to terminate your NRC radioactive materials license. The NRC staff has reviewed your NRC Form 314 (termination request). Based on its review, the staff has concluded that you will not use byproduct material in NRC jurisdiction greater than 180 days in any calendar year. An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(20)(ii).

Based on these conclusions no further remediation or actions with respect to NRC regulated material is required. NRC license number 17-26873-01 is hereby terminated.

If you have questions or require clarification on any of the information stated above, we encourage you to contact us at 817-860-8132.

Sincerely,

/RA/
