SUBJECT: CLOSURE OF INVESTIGATION (OI 4-2005-024)

Dear Mr. Rosenblum:

This refers to an investigation conducted by the NRC's Office of Investigations (OI) regarding activities at the San Onofre Nuclear Generating Station. OI initiated the investigation in July 2005 to determine whether a nuclear security officer had been subject to employment discrimination for having raised safety concerns.

Based upon a review of the OI investigation and all other pertinent information developed during the investigation, the NRC did not substantiate the allegation. The NRC plans no further action and considers this matter closed.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Sincerely,

/RA/
