Subject: Industry Response to NRC Proposed Rule, "Licenses, Certifications and Approvals for Nuclear Power Plants," 71 Federal Register 12.782 March 13, 006

Dear Ms. Vietti-Cook,

The purpose of this letter is to provide Exelon Generation Company's endorsement of the Nuclear Energy Institute (NEI) letter from A. P. Heymer to the U. S. Nuclear Regulatory Commission dated May 30, 2006 regarding comments on the proposed Part 52 rulemaking.

Exelon Generation Company has a pending Early Site Permit (ESP) application, and is an active participant in the NuStart Energy Development consortium. We support the coordinated efforts by the NRC staff and the industry to ensure an efficient and effective licensing process.

If you have any questions concerning this letter, please feel free to contact me at (610) 765-5610.

Sincerely,

Marilyn C. Kray
Vice President, Project Development
