DOCKETS 50-155 AND 72-043 - LICENSE DPR-6 - BIG ROCK POINT PLANT – AMENDMENT TO APRIL 3, 2006 - LETTER OF INTENT CONCERNING THE RELEASE OF PART OF THE BIG ROCK POINT SITE PROPERTY FROM THE 10 CFR PART 50 LICENSE

This letter is an amendment to our April 3, 2006 letter, which provided written notification of Big Rock Point's (BRP) intent to release a portion of the site from its 10 CFR Part 50 License pursuant to the approved BRP License Termination Plan (LTP). An amended legal description of "Parcel A" is contained in the attachment to this letter. In our April 3, 2006 letter, Attachment 2 contained a legal description of the future Independent Spent Fuel Storage Installation (ISFSI) site intended to be the remaining property description after completion of actions outlined in the Big Rock Point License Termination Plan. The amendment adds land area formerly described as an easement into the property description. Proposed remaining ISFSI site will include a forty foot (40') access road to highway U.S. 31. The attachment serves as the future record of the licensed area pursuant to 10 CFR 50.75(g)(4).
