Yes I did. I think I did mention it to you. Hey Rob, can you please check to see if George ever issued a proprietary letter for the Appendix K exemption for Byron. Frank Orr is the reviewer on this one. Thanks

I think so, I will talk to you about it later. Did you talk to Orth in the region?

Here is additional information from the Braidwood Resident. Do we still need to brief Cathy on the Tritium issue?

Cathy,

Attached is an email from the Braidwood resident with the most recent information on the tritium leak issue. I think we already gave you the slides for today's Exelon meeting with the public. If you need further information, please let us know.

Mindy
