

PROVISIONAL AGENDA
Nineteenth Meeting of the
COMMISSION ON SAFETY STANDARDS
6 – 7 June 2006

Meeting Room CO7-IV, IAEA Headquarters, Vienna

1. Opening of the Meeting (10:00)
T. Taniguchi; DDG-NS
2. Introductions, Adoption of the Agenda and Approval of Report of the Eighteenth Meeting;
A-C. Lacoste
3. Overview of the Activities in the Department of Nuclear Safety and Security
 - 3.1 Nuclear Installation Safety, *K.E. Brockman, DIR-NSNI*
 - 3.2 Radiation, Transport and Waste Safety, *E. Amaral, DIR-NSRW*
4. Current Developments
 - 4.1 Beyond the Action Plan (including information on request from COPUOS and an update on feedback mechanism); *L. Lederman*
 - 4.2 Status of the BSS review; *E. Amaral*
 - 4.3 Status of the endorsed Standards and Response to Actions from the 18th Meeting; *Karbassioun*
5. The Use of Safety Standards and Related Regulatory Issues; *(CSS Members)*
6. Programme for the Senior Regulators' meeting during the General Conference
7. Presentations and Discussion of Reports of Safety Standards Committees
 - 7.1 Nuclear Safety Standards Committee
L. Reiman, Chairman/G. Feige, Scientific Secretary - NUSSC
 - 7.2 Radiation Safety Standards Committee
S. Magnusson, Chairman/T.J. Boal, Scientific Secretary - RASSC
 - 7.3 Waste Safety Standards Committee
T. Pather, Chairman/K. Hioki, Scientific Secretary – WASSC
 - 7.4 Transport Safety Standards Committee
J. Duffy, Chairman/M. Wangler, Scientific Secretary – TRANSSC
8. Safety Standards for Approval
 - 8.1 Fundamental Safety Principles (DS298); Safety Fundamentals
A. Karbassioun, Technical Officer
 - 8.2 Decommissioning of Facilities using Radioactive Material (DS333); Safety Requirements
D. Louvat, A/Technical Officer
 - 8.3 Remediation Process for Past Activities and Accidents (DS172); Safety Guide
D. Louvat, A/Technical Officer
 - 8.4 Safety of Radiation Generators and Sealed Radioactive Sources (DS114); Safety Guide
C. Mason, Technical Officer
 - 8.5 Commissioning of Research Reactors (DS259); Safety Guide
A. Shokr, Technical Officer

- 8.6 Maintenance, Periodic Testing and Inspections of Research Reactors (DS260); Safety Guide
A. Shokr, Technical Officer
- 8.7 Borehole Facilities for the Disposal of Radioactive Waste (DS335); Safety Guide
L. Jova Sed, Technical Officer
- 8.8 Radiation Protection Programmes for Transport of Radioactive Material (DS377); Safety Guide
A.N. Nandakumar, Technical Officer
9. Document Preparation Profiles for Approval (Safety Guides)
 - 9.1 Storage of spent fuel (DS371); *G. Jones, Technical Officer*
 - 9.2 Safety of Reprocessing Facilities (DS360); *P. Nocture, Technical Officer*
 - 9.3 Safety of Fuel Cycle R&D Facilities (DS381); *P. Nocture, Technical Officer*
 - 9.4 Safety Classification of Structures, Systems and Components in NPPs, (DS367); *C. Toth*
 - 9.5 Justification of Practices, (DS401); *T. Boal, Technical Officer*
 - 9.6 Radiation Safety of Gamma, Electron and X ray Irradiation Facilities (DS409); *C. Mac Kenzie*
 - 9.7 Radiation Safety in Industrial Radiography (DS408); *J. Wheatley, Technical Officer*
 - 9.8 Risk Informed Decision Making (DS365); *M. Reinhart, Technical Officer*
 - 9.9 Schedules of Provisions of the IAEA Regulations for the Safe Transport of Radioactive Material (DS387); *M. Wangler, Technical Officer*
10. Other business
11. Report of the Meeting, Date of Meetings

INFORMATION SHEET

(Annotated Agenda)

General: The Commission's meeting will start at **10:00 on Tuesday, 6 June 2006**. On the morning of Tuesday at 8:30 there will be a meeting of the Chairman of Commission and the Chairmen of the Safety Standards Committees (Messrs Duffy, Magnusson, Pather and Reiman).

Mr. J. Pu Chairman of AdSec has been invited to attend the CSS meeting.

Agenda Item 4: Current Developments

The Secretariat will present the Status of a number of activities relevant to the work of the Commission. Under agenda item 4.1 the Secretariat will present proposals for future activities in order to continue with the momentum generated by the action plan for the development and application of the safety standards. In addition information on the request of COPUOS (Committee On the Peaceful Uses of Outer Space) and an update on feedback of experience on the safety standards will be provided. Under agenda item 4.2 the status of the review of the Basic Safety Standards and the plans for its revision will be presented. Under agenda item 4.3 the Secretariat will present the status the endorsed safety standards and response to actions from the eighteenth CSS meeting.

Agenda Item 5: The Use of the Safety Standards and Related Regulatory Issues

Under this agenda item the members of the Commission are requested to provide a short written report on their current regulatory issues and the use of the IAEA safety standards (current and planned) in their respective countries including any comparison of national regulations with the IAEA Safety Standards. Particular interest is on any difficulties observed in the national use or application of the IAEA Safety Standards and proposals for making the standards more readily adoptable to various national regulatory systems.

Agenda Item 6: Senior Regulators' Meeting

The Secretariat will present a provisional programme for the Senior Regulators' Meeting to be held during the General Conference.

Agenda Item 7: Report of the Committees

The Chairmen of the committees will report on their activities, plans and the important issues covered by the committees.

Agenda Item 8: Safety Standards

The safety standards approved by the committee(s) are discussed under agenda item 8. There will be presentations by the technical officers on the eight draft standards (one safety fundamentals, one safety requirements and six safety guides).

Agenda Item 9: Document Preparation Profiles

Document Preparation Profiles (DPPs) provide information on the scope and content of future safety standards. DPPs approved by the committees will be presented to the Commission for approval. There will be a short presentation by the technical officers on each of the nine DPPs for preparation of safety guides.

Agenda Item 11: Date of Meetings

The next CSS meeting is scheduled for **20-21 November 2006**.

Proposed dates for meetings in 2007 are:

4-6 June

26-28 November
