Summary:	<p>In a letter dated May 31, 2006, I requested additional information from Dr. Manchandra, proposed RSO for the license. Tyler Benedum submitted additional information needed to complete the review of the new application for Avid. He called to confirm that I had received the information he faxed. I confirmed that I received the fax but informed him that there was still some information that I would need.</p> <p>The diagram I had requested they send was not legible and I asked him to resubmit it. He e-mailed a copy of the diagram. In the original letter, I requested they send further evidence of training and experience for the proposed RSO. The information sent to me stated that the proposed RSO would be attending a radiation safety class. I informed Dr. Benedum that we would need to review a copy of the completion certificate as well. Also the letter was not signed by a member of management and I asked Dr. Benedum to resubmit the letter signed by a management representative.</p>
