Good Morning,

because of the Braidwood tritium event we need to know the following for each site:

Identifying any plant events or regulatory actions (over the last year) that was brought to the staff's attention regarding the release of tritium to the unrestricted area (Offsite) - THIS INFO IS DUE THIS MORNING IF POSSIBLE - I BELIEVE IT IS [REDACTED] AND ONLY THE CURRENT EVENT FOR BWD.

For later, I would like the answer from an historical perspective - life of the plant - so ask the licensee today so that we can the answer on Friday?

Thanks - Rick
