Subject: Braidwood Communications Plan

The RA has the final communication plan for signature. Thanks for your comments. We attempted to call this afternoon; however, we may have missed you due to the weather. We incorporated your comments as well as a number we received from others. There was one item, I wanted to be sure you understood the way addressed it.

6/5

As soon as Caldwell signs the comm plan we will get it up to you. Also, I believe that you received a scheduler for a comm team meeting tomorrow at 1:00 p.m. CST.
