Subject: Request for NRC to Grant Rights to MHI to Obtain/Modify TRAC-PF1/MOD2

The purpose of this letter is to notify the NRC that Mitsubishi Heavy Industries (MHI) and Westinghouse have entered into an agreement to jointly develop a thermal-hydraulic system code based on TRAC-PF1/MOD2 (V.4.5.28) and the Westinghouse version of COBRA/TRAC. Therefore, in accordance with instructions provided by Mr. Mike B. Rubin (RES), via a February 7, 2006 email to Mr. Andy Gagnon (Westinghouse), Westinghouse is requesting that the NRC grant MHI the right to obtain and modify TRAC-PF1/MOD2 in accordance with the requirements set forth in the non-disclosure agreement between Westinghouse and the NRC.

TRAC-PF1 (V.4.5.28) was obtained previously by Westinghouse from the NRC in April 2005. This notification is provided to satisfy Condition 2 of the non-disclosure agreement signed by Westinghouse to obtain the TRAC-PF1 code.

Very truly yours,
