The [REDACTED] well is PW-3. Attached is the spreadsheet with all results to date. It also has the correlation between the resident wells and the PW #s.

Dave,

Can you answer the additional questions from the NRC below and also forward me the latest spreadsheet?

Al

Thanks for the information. I now realize that my data sort missed 1 other well that I can not identify:

NRC-26-R3

[REDACTED] Well (BDWW-6691) (#4 on cap) collected 11/30 500ml bottle.

Also, please send me an update of your sample spreadsheet. The one that I am using is from last Thursday and does not contain SW-3 or SW-4.

Thanks again.
