Rob,

Can you and/or Mac touch base with Steve Orth when he gets back to town next week regarding this info and how he can utilize them for the Merrifield brief.... thanks

Mindy

I am sure RIII will use some or all of these slides for the Merrifield brief but will remind them. Steve Orth is on travel this week but I spoke with Anne Boland about him taking the lead and she was ok with it. Mac and Rob K. will support him as needed. Anne is also sending me some colored maps showing concentrations of tritium surrounding the plant, which she thinks the Commissioner should have at the briefing.

If I read thru all the e-mails, I come to a briefing for congressional staff by the regional deputy. Is there a reason that we don't use this briefing for the Commissioner?

This topic will be added to the oversight hearing book. At the end of the e-mail chain is the briefing summary to Congressional staffers on Braidwood tritium issue.
