SUBJECT: RESPONSE TO THE ADVISORY COMMITTEE ON NUCLEAR WASTE
LETTER DATED JUNE 9, 2006, ON REVISED DECOMMISSIONING
GUIDANCE TO IMPLEMENT THE LICENSE TERMINATION RULE

Dear Dr. Ryan:

I am responding to your letter to former Chairman Diaz, dated June 9, 2006, in which you provided the Advisory Committee on Nuclear Waste's (ACNW's) views on the Nuclear Regulatory Commission staff's approach to finalizing decommissioning guidance to implement the license termination rule (NUREG-1757, Draft Supplement 1, "Consolidated NMSS Decommissioning Guidance: Updates to Implement the License Termination Rule Analysis").

The staff appreciates and agrees with ACNW's observations and recommendations for improving the decommissioning guidance and performing related activities in the decommissioning program. The staff will address ACNW's comments as the guidance is finalized and as the related activities proceed.

The staff also agrees that early involvement of the ACNW and continued interaction with the staff has been a useful approach for obtaining ACNW input. We look forward to ACNW's continued involvement in and support of our future decommissioning activities.

Sincerely,
