RE: Cardiology Consultants
Amendment Application
License Number: 29-30691-01 03035860

Dear License Reviewer:

Please amend our byproduct material license to add George Leber, M.D. as the radiation safety officer. Dr. Leber is currently listed as an authorized user on our byproduct material license. In addition, documentation attesting to his RSO training is attached for review.

If you have additional questions regarding this licensing request, please contact Michael W. Lairmore or myself. Mr. Lairmore may be reached at (201) 447-3303.

Sincerely,

George Leber, M.D.
President

RE: George Leber, M.D. - Confirmation of Radiation Safety Officer Training

Dear Sir or Madame:

Please allow this correspondence to confirm that George Leber, M.D. has served as Assistant Radiation Safety Officer for one year under my supervision. During that time, Dr. Leber supervised the following:

1. Shipping receiving, and performing related radiation surveys.
2. Using and performing checks for proper operation of instruments used to determine the activity of doses, and instruments used to measure radionuclides.
3. Securing and controlling byproduct material.
4. Using administrative controls to avoid mistakes in administration of radioactive materials.
5. Using procedures to prevent or minimize radioactive contamination and using proper decontamination procedures.
6. Using emergency procedures to control byproduct material, and the disposing of byproduct material.

In addition, please allow this correspondence to confirm that Dr. Leber has completed the required academic training requirements as described in 10 CFR 35.50(b)(1). In addition, Dr. Leber has achieved a level of radiation safety knowledge sufficient to function independently as a Radiation Safety Officer for medical use licensees.

If you have additional questions regarding Dr. Leber's training, please contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'David Blood', with a stylized flourish at the end.

David Blood, M.D.
Authorized User/Radiation Safety Officer
