Re: Procedures Pertaining to Discipline of Private Sector Attorneys
Appearing Before the Agency

Dear General Counsel:

The ABA Section of Administrative Law and Regulatory Practice is examining the procedures pertaining to the discipline of private sector attorneys appearing before federal agencies. Although the procedures pertaining to discipline of federal sector employees who serve as federal attorneys are generally found in Title 5 of the Code of Federal Regulations, there is no similar source for reviewing procedures pertaining to private sector attorneys. Our Section's Committee on Ethics and Professional Responsibility is compiling the procedures applicable in various agencies to study and to prepare a report and recommendations on best practices.

Accordingly, we would greatly appreciate obtaining copies of any policies, procedures, regulations, rules, or guidelines that your agency has which relate to procedures pertaining to the discipline of private sector attorneys. Please forward any such materials to our Washington DC office, at the following address:

American Bar Association
Section of Administrative Law and Regulatory Practice
740 15th Street, NW
Washington, DC 20005-1022

We will be pleased to send you the findings of our work when completed. Thank you for your assistance to our work.

Sincerely,

Eleanor D. Kinney
Section Chair
