Recommendation: Let me know if this information is adequate

Harold:
Attached is information requested from Peach Bottom Unit 2 for 3 recent cycles. Note that we have the power history for Cycles 14-16 with 16 being the current cycle whereas the other information is for Cycles 13-15. We can not easily provide the information for the older cycles. It would take considerable effort and resources. Let me know if this is what you were looking for.
