Donnie,

As part of my earlier request today to be included on a service list for the Oyster Creek License Renewal Age Management Program for the Drywell Liner, I just want to be clear that we are requesting being included on non-proprietary communications as well as meeting notices and summaries. Specifically, we are interested in receiving the AmerGen response to the current RAI that was the topic of the June 1, 2006 meeting. I understand that NRC requested the response prior to the second scheduled meeting on June 22. We would appreciate seeing the response prior to the meeting with AmerGen, as well. So please send me a copy of the AmerGen response in .pdf format, if possible, as soon as it can be cleared.

Thanks again,
